

APPENDIX No. 13.

PROPOSAL FOR PLACING BOYS' TRAINING ESTABLISHMENT AT ROSYTH.

Report of Director of Works,

In accordance with the request of the Committee, a further plan has been prepared for placing an establishment to accommodate 1,600 Boys on shore on Admiralty land at Rosyth.

It has been prepared on the same lines as the scheme already furnished to the Committee for placing the Boys on shore at Trevoil.

The description of the Trevoil scheme will generally apply to this.

Electric light can be obtained from the Dockyard Generating Station now in course of erection, and water can be supplied from the same source as provided for the Dockyard.

Taken on the same basis as Trevoil, the approximate cost will be 223,000*l.*
